

To Students and Parents:

The Jefferson High School Student Handbook contains information that students and parents are likely to need during the school year. The handbook is organized alphabetically by topic. Throughout the handbook, the term “the student’s parent” is used to refer to the parent, legal guardian, or other person who has agreed to assume school-related responsibility for a student.

The Student Handbook is designed to be in harmony with the Board policy. Please be aware that this document is updated annually, while policy adoption and revision is an ongoing process. Therefore, any changes in policy that affect student handbook provisions will be made available to students and parents through proper communications. These changes will generally supersede provisions found in this handbook that have been made obsolete by newly adopted policy.

Please note that references to policy codes are included to help parents confirm current policy. A copy of the District’s Policy Manual is available in the school office. In case of conflict between Board policy and any provisions of student handbooks, board policy will be followed.

The Jefferson High School District does not discriminate on the basis of race, religion, color, national origin, sex, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964 as amended; Title IX of the Educational Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, as amended. (Refer to Policy 3210) The Title IX Coordinator is Mr. Joe Michaud, High School Counselor.

ATTENDANCE

Attendance requirements: Students will be allowed eight absences in any one class in any one semester. The parent or guardian will be notified when the student has reached the fourth absence and the sixth absence limitation per semester. A letter or phone call to the parent or guardian will notify the parent or guardian that the student is approaching the maximum limit. Following the sixth absence the student will report to the Principal and account for the history of the six absences. The eighth absence will result in a conference with the Principal, the student and the parent or guardian or an adult representative. *The 9th Absence will result in an attendance letter with choices to recover credit:*

1. Recover the credit fully if the student makes up the hours missed during the sessions before, after school, Friday Opportunity, or on administratively approved community service.

2. The grade will be changed to either pass or fail on the official transcript according to the grade earned in the course. A course grade of A, B, C will be given a Pass (“P”). A course grade of D or F will result in a Fail (“F”). If you choose this option, Pass on the GPA calculation will use .67 for the GPA calculation. You may have your letter grade restored if you meet the attendance requirement (less than 8) in the following semester.
3. Student credit will be denied and may be appealed to the school board. Please inform the Superintendent of any appeal.

Absences: Absences will be recorded as period absences from school. Missing class for more than 15 minutes constitutes an absence in that class for that period unless the student has a pass from the office or a teacher.

Being gone from a class for a school-sponsored activity is counted as a school-activity absence. Two days of college organized college visitations likewise will not count as absences. Being gone for attendance at a funeral for immediate family members or grandparents and the associated activities when properly excused will not place a student in jeopardy of losing credit due to absences. Student’s absences due to school bus problems will not count towards loss of credit absences.

The parent or guardian shall provide a home, work, cell or message phone number to the school where they can be notified of their student’s absence.

If a student is absent from school for illness, bereavement, family obligations, or because of serious storm conditions, the school staff will make every effort to accommodate the student and the parents in helping minimize the negative impact of the student’s absenteeism on school performance.

Adult Student Status: Adult student status may be granted to students who are not living at home. When a student is not living at home under the general supervision of his or her parent or guardian, special arrangements must be made with the Principal for the student to excuse himself/herself.

Policies Relating to Excused Absences:

- A. An excused absence is any absence from class or school that is authorized by a parent or guardian or school official provided:
 - a. The student’s parent or guardian notifies the school of the reason for their absence either by note or phone call prior to or at the time the student returns to school.
 - b. Students who know they will be absent from school get advance consent forms completed and turned in to the office.

- B. For students who bring a note signed by a parent, guardian or school official to explain their absence the note should include:
 - a. The name of the student,
 - b. The date(s) of the absence,
 - c. The specific reason for the absence, AND
 - d. The parent, guardian or school official’s signature.
- C. Make-Up Procedures:
 - a. Students are absent from school for a number of legitimate reasons. It is the policy of this school that the student, parent or guardian, and teacher work together to complete schoolwork due to activity related absences or excused absences. It is the student’s responsibility to initiate and follow through with the work’s completion. To assist in this effort, the following guidelines are presented:
 - b. It is imperative that students contact each teacher on the first day after an absence to receive/review makeup work. Failure to assume responsibility in this matter may result in lower grades for the work missed.
 - c. Students are encouraged to make up missed assignments as soon as possible. Teacher and student should set up a mutually agreeable schedule to complete makeup work.
 - d. In certain circumstances, teachers may alter assignments to be made up. In other circumstances, the teacher may not require work to be made up. Should this be the case, the excused assignments will not count toward the marking period grade.
 - e. A student absent only on the date of a quiz/test should be prepared to take it the next day. The teacher may choose to administer it at a later date. Similarly, a student absent on the due date of a pre-announced assignment is expected to turn in that assignment on the first day back. • Pre-announced special assignments, tests, quizzes, and homework are due on the day scheduled even if a student is absent the day before the assignment is due. Students may not miss one class to complete work for another class.
 - f. If a major assignment is due on a particular day and a student is present any part of that day, then the student is responsible for seeing that the major assignment is completed and turned in to the teacher on the due date.
 - g. Help with makeup work, quizzes, tests, lab work and projects that require special equipment may need to be scheduled outside the student’s regular class period.

- h. Each teacher will supply students with a statement at the beginning of each course regarding policies about making up tests, homework and assignments. They will also address the times and places they are available for assistance.
 - i. Students who expect to be absent for more than three days are advised to request homework assignments from the teacher by calling the Main Office. Please allow 24 hours for the teacher to be contacted and the work collected so that the instruction schedule will not be interrupted. It is the parent/student responsibility to arrange for the work to be picked up.
 - j. A student with a school approved activity-related absence is expected to see his/her teacher at least two-days prior to departure to request assignments. Unless there are extenuating circumstances, assignments covered during a pre-arranged absence are due upon the student's return. It is the student's responsibility to make special arrangements with the teacher prior to departure if he/she wishes to have these requirements changed. While teachers will provide the student with necessary assignments, teacher assistance in completing these assignments is not mandatory.
 - k. Following these guidelines will assure proper credit. However, make-up privileges will not be granted in cases when the absence remains unexcused.
- D. Office Checkout: In the event a student leaves school during the school day, the student's absence will be regarded as Unexcused unless the student formally checks out at the office. Check out will be permitted if a phone call is received or a note is presented from a parent or guardian prior to or at the time of check out. The reason for the absence must be stated. Only in an emergency or an unusual situation will checking-out be permitted without either a phone call or a note.
- E. Advanced Consent Forms: For students who know in advance that they will be absent, forms are available to get prior approval of the absence. Approximately three days before being gone, the student is to pick up a form from the office and have it completed by their teachers, signed by their parents, and then approved by the principal.
- F. Excessive absences: Students and their parents/guardians may appeal the principal's decision according to the school district policy to the superintendent and then JHS District # 1 Board of Trustees. Appeals are held for students who are passing their classes despite excessive absenteeism.
- G. Possible Waivers: Bereavement of immediate family, medical exemptions with physician or physician asst. verifications, college, post-secondary

visitation during junior or senior year, extenuating circumstances with administrative verification.

Policy Relating to Unexcused Absences (Truancy): An Unexcused absence is any absence from a class without the teacher's permission or from school without the knowledge and authorization of a parent, guardian or school official results in the following consequences:

- A. Consequences for Unexcused Absences: Unexcused absences will be accumulated separately for each semester. For each occurrence the student must report to the office and obtain an admit slip indicating the absence is unexcused and have the slip signed by each teacher. The student's parent or guardian will be notified of the absence. Any assignment, class work or test missed as a result of an unexcused absence will be given an incomplete. In addition:
 1. On the first unexcused absence the student will be required to make up the amount of class time missed in Friday detention with the principal or designee.
 2. On the second unexcused absence the student must make up the time missed. A parent-student-teacher conference will be held before the student can return to the class
 3. On the third unexcused absence the student must make up double the time missed. In addition, the parent and student together must meet with the principal or superintendent within five days after the offense occurred to determine next steps for the student.

Tardy Slips If you arrive late to school or class, a tardy slip must be obtained from the office.

Tardiness

- A. Students are to be in each class prior to the tardy bell.
- B. No student should be in hallways after the tardy bell rings.
- C. Three Unexcused tardies per semester will result in an unexcused absence to total attendance.

Failure to attend detention on scheduled day will result in double the time assigned and an Office Referral.

Students will for the second offense, or first offense of distribution will be recommended for expulsion from school or upon successful completion of Youth Challenge be allowed to return to JHS. All students who violate this policy will be referred to the proper authorities.

COMPLAINTS BY STUDENTS / PARENTS

Usually student or parent complaints or concerns can be addressed simply — by a phone call or a conference with the teacher. For those complaints and concerns that cannot be handled so easily, the District has adopted a uniform complaint procedure policy 1700 in the District's policy manual. In general, a parent or student should first discuss the complaint with the individual involved. If unresolved, a written complaint and a request for a conference should be sent to the Superintendent. Under some circumstances, the District provides for the complaint to be presented to the Board of Trustees in the event the matter cannot be resolved at the administrative level.

Some complaints require different procedures. The District office or the Superintendent's office can provide information regarding specific processes for filing complaints. Call 225-3740. Additional information can also be found in the designated Board policy, 1700, available in the Superintendent's office.

COMPUTER RESOURCES

The District has made a substantial investment in computer technology for instructional purposes. Use of these resources is restricted to students working under a teacher's supervision and for approved purposes only. Students and parents will be asked to sign the acceptable use agreement regarding use of these resources; violations of the acceptable use agreement may result in withdrawal of privileges and other disciplinary action. Electronic communications — e-mail — using District computers are public and may be monitored by District staff. [For additional information, see policy 3612 and 3612F] Parents who would like their child to be able to use computer technology and have internet access need to complete the acceptable use policy found at the end of the student handbook and return it to the high school office.

CORRESPONDENCE/ONLINE COURSES

The District will permit a student to enroll in an approved correspondence/online course from a school approved by the National University Extension Association, in order that such student may include a greater variety of learning experiences within the student's educational program.

A Jefferson High School student may receive approval for correspondence/online course enrollment under the following conditions:

- Prior permission has been granted by the principal.
- The program fits the educational plan submitted by the regularly enrolled student.
- The District will accept (1 ½ credits) of correspondence work that enhances JHS learning or allows a student to complete a course in which a student received a failing grade.
- No correspondence courses are allowed that serve to supplant course work at Jefferson High School.
- Correspondence course work cannot be used to allow a student to graduate early from high school.
- The use of Acellus or any other credit recovery or advancement program must be pre-approved by a team consisting of general education teacher, Acellus director, and counselor. **Final discretion will be given to building principal.**

Correspondence course costs are the responsibility of the student and parent. The District does not pay for correspondence courses.
(See Policy 2167)

COUNSELING

Academic Counseling

Students and parents are encouraged to talk with a school counselor, teacher, or principal to learn about course offerings, the graduation requirements of various programs, and early graduation procedures.

Every student today should be committed to some type of post-secondary learning whether it be university, technical college, military, Peace Corp, etc., and should work closely with the counselor in high school class selection and post-high school requirements for the chosen pathway.

Personal Counseling

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional issues, or substance abuse. The counselor may also make available information about community resources to address these concerns.

Please note: The school will not conduct a psychological examination, test, or treatment without the parent's written consent

Cheat by copying assignments, using unauthorized crib sheets for tests, looking at someone else's test, plagiarizing, knowingly permitting someone else to copy, permitting another person to look at your test or any other dishonest means of avoiding or helping someone else avoid their responsibility.
 - a. 1st Offense: Office Referral and Zero on the assignment.
 - b. 2nd Offense: Office Referral and Failure of the quarter.

c. 3rd Offense: Office Referral and Failure of the Semester.

6. Haze other students or assisting others in hazing.

9. Vandalize, damage, destroy or steal school property or the property of other individuals including school buses.

13. Consumption of food and beverages will be allowed before school, at lunch and after school in the cafeteria and non-carpeted lobby areas only.

Note: Depending on the severity of the offense, the right to suspend a student exists at all times.

Discipline Policy: Consequences for the above behaviors may include one or more of the following:

- 1) A warning.
- 2) Suspension from class for the remainder of the class period. Student will report to the main High School Office. The Student will be assigned to a Study Room for the remainder of the class period. Two consecutive days of assignment to the Study Room will result in an Office Referral.
- 3) Assignment to In-School-Suspension or After School Detention. All work will be counted towards grade. All assigned work must be completed before any work will be graded and must be completed during the in-school suspension time.
- 4) Expulsion from school is a consequence of severe and/or repeated violations. Expulsion requires a hearing before the Board of Trustees.

Other appropriate corrective disciplinary action such as fines for damage to books, notification of police for stealing or vandalism, payment of restitution for careless or

deliberate damage, cleaning cafeteria for inappropriate behavior during lunchtime and other similar actions may be required.

The choice of a consequence for a specific action will take into account the seriousness of the offense, the attitude and age of the student, the pattern of conduct, the degree of cooperation of the student and any other relevant information.

Classroom Behavior:

Student behavior within the classroom must not interfere with the rights of other students to learn the lessons being taught, nor the teacher's right to teach. Violations will result in the student's removal from class for one class period. Subsequent offense will be dealt with according to the Discipline /Office Referral Policy. Such removal will be at the discretion of the Principal.

Office Referral Policy:

Teachers, coaches, advisors, bus drivers and other adults acting in the capacity of supervision of students are responsible for handling routine disciplinary violations. If student's violations are severe or are repeated after parents have been notified, students may be referred to the principal. When students are sent to the office on referral they are to talk to an administrator before returning to any class. Failure to report to the administrator will result in additional discipline. The following steps will be applied to students referred to the principal's office.

First Offense - Assignment to one full day of In-School-Suspension or the equivalence in after-school detention. Assignment is at the discretion of the administration. In School Suspension is an assignment to the In-School-Suspension Room for the entire school day. The student will not receive any unsupervised breaks, will eat lunch in the In-School-Suspension Room under supervision, and will be dismissed at 4:06 p.m. Students assigned to In-School-Suspension will have the work from all their teachers and must complete all work assigned. All work will be counted towards grade. The discipline referral will be sent home and a copy of the referral will be filed.

Second Offense -One day of Friday. A parent conference is required with the school counselor. Both conferences will take place within a week. A copy of the referral will be filed.

Third Offense - Student will be assigned to Friday or out of school suspension for one to three days. A conference with student, teacher, parent, counselor and administrator present will be required prior to re-admittance.

Fourth Offense - Student will be suspended from school for one to five days. A conference with the same people will take place to consider a behavior plan. All work missed will result in a grade of zero.

Fifth Offense - The principal will initiate expulsion proceedings. The student may be suspended until a meeting of the Board of Trustees can be called.

Offenses against the policy are cumulative for one school year. At the start of the next year the level will be reduced two levels.

Students are entitled to due process. Due process requires the following steps:

- 1) the student is informed of charges
- 2) the student has a chance to be heard.
- 3) the student is informed of the consequences
- 4) the student has the right to appeal the decision of the person deciding the consequences depending on the nature of the consequence: appeal goes from teacher to principal to superintendent.
- 5) a record will be kept of the incident

Suspension: Means the exclusion of a student from attending individual classes or school and participating in school activities for a limited period of time. Students who participate in activities are suspended from all school activity participation during an out-of-school suspension.

Expulsion: a decision by the Board of Trustees that permanently excludes a student from school. Note: State Statute requires a recommendation for expulsion for any student who brings a gun or gun-like object to school. This includes in vehicles parked on school property.

SEVERE CLAUSE - There are actions that are serious enough in nature to warrant immediate suspension/expulsion proceedings. Examples of these types of violations would include actions that may harm others, vandalism, theft, violence, possession/use of weapons, chemical abuse, defiance or disrespect toward teachers, etc. An administrator always has the right to suspend.

DISTRIBUTION OF MATERIAL

(See Policy 3222)

All school publications are under the supervision of a teacher, sponsor, and the principal. District policy allows distribution of materials of parent and student organizations sponsored by the District or other governmental agencies. Any student who posts material without prior approval may be subject to disciplinary action. Materials displayed without this approval will be removed.

DRESS AND GROOMING

(See Policy 3224)

The primary responsibility for a student's attire resides with the student and parents or guardians. The school district is responsible for seeing that student attire does not interfere with the health or safety of any student, and that student attire does not contribute to a hostile or intimidating atmosphere for any student. Students should be given the most choices possible in how they dress for school. Any restrictions must be necessary to support the overall educational goals of the school and must be explained within the dress code. Any dress deemed to disrupt the educational process is inappropriate.

EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS

STATEMENT OF PHILOSOPHY

A comprehensive and balanced activities program is an essential complement to the basic program of instruction. The activities program should provide opportunities for youth to further develop interests and talents in sports, debate/speech, drama, journalism, music, student clubs, student government, and academic-related areas. Participation in these activities provides students with a lifetime basis for character development, leisure activities, and community service.

The opportunity for participation in a wide variety of student-selected activities is a vital part of the student's educational experiences. Participation is a privilege that carries with it responsible representation of the school, your family, the community, and the activity.

The interscholastic activities program shall be conducted in accordance with district policies, rules and regulations. Jefferson High School Board of Trustees believes winning is important, however, winning with good sportsmanship, dignity, and fairly is most important. At all times, the activity program must be conducted in such a way so as to justify it as an educational activity. Coaches should teach participants to respect other students, their teammates and their opponents, and teach them to genuinely thank their opponents for competing with class. The victory of self-discipline is seen as the greatest of all victories.

Interscholastic activities competition adds to our school success and helps all students develop pride in their school and peer achievements. The ultimate goals of the activities should be: 1) to realize the value of teamwork, and 2) to develop and improve positive Citizenship and character qualities among the participants.

The District encourages parental and student support in its efforts to address and prevent sexual harassment and sexual discrimination in the public schools. Students and/or parents are encouraged to discuss their questions or concerns about the expectations in this area with a teacher, counselor, principal, or the District Title IX coordinator for students.

All students are expected to treat other students and District employees with courtesy and respect, to avoid any behaviors known to be offensive, and to stop these behaviors when asked or told to stop.

A substantiated complaint against a student will result in appropriate disciplinary action, according to the nature of the offense.

The District will notify the parents of all students involved in sexual harassment by student(s) when the allegations are not minor and will notify parents of any incident of sexual harassment or sexual discrimination by an employee. To the greatest extent possible, complaints will be treated as confidential. Limited disclosure may be necessary to complete a thorough investigation.

A complaint alleging sexual harassment by another student or sexual harassment or sexual discrimination by a staff member may be presented by a student and/or

parent in a conference with the Superintendent or with the Title IX coordinator. The parent or other advisor may accompany the student throughout the complaint process. The first conference with the student ordinarily will be held by a person of the same gender as the student. The conference will be scheduled and held as soon as possible. Following the receipt of the appeal, the matter shall be placed on the agenda at the next regularly scheduled Board meeting. Consequences: Students who are found to have engaged in these activities will be subject to discipline up to and including expulsion. [From Board Policy]

STUDENT RECORDS

A student's school records are confidential and are protected from unauthorized inspection or use. A cumulative record is maintained for each student from the time the student enters the District until the time the student withdraws or graduates. A copy of this record moves with the student from school to school.

By law, both parents, whether married, separated, or divorced, have access to the records of a student who is under 18 or a dependent for tax purposes. A parent whose rights have been legally terminated will be denied access to the records, if the school is given a copy of the court order terminating these rights.

The Superintendent is custodian of all records. Records may be reviewed during regular school hours, upon completion of the written request form. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records. If circumstances prevent a parent or eligible student from inspecting the records, the District will either provide a copy of the requested records or make other arrangements for the parent or student to review the requested records.

Parents of a minor or of a student who is a dependent for tax purposes, the student (if 18 or older), and school officials with legitimate educational interests are the only persons who have general access to a student's records. "School officials with legitimate educational interests" include any employees, agents, or Trustees of the District; cooperatives of which the District is a member; or facilities with which the District contracts for the placement of students with disabilities, as well as their attorneys and consultants, who are:

- Working with the student;
- Considering disciplinary or academic actions, the student's case, an individual education plan (IEP) for a student with disabilities under IDEA, or an individually designed program for a student with disabilities under Section 504;
- Compiling statistical data; or
- Investigating or evaluating programs.

The parent's or student's right of access to, and copies of, student records do not extend to all records. Materials that are not considered educational records, such as teachers' personal notes on a student that are shared only with a substitute teacher, records pertaining to former students of the District, and records maintained by school law enforcement officials for purposes other than school discipline do not have to be made available to the parents or student.

JEFFERSON HIGH SCHOOL ACCEPTABLE USE POLICY FOR COMPUTER AND INTERNET USE

Those parts pertaining to acceptable Internet usage include: "It is the mission and purpose of all persons associated with Jefferson High School to promote the highest quality educational experience for the students of the district, . . . promote respect for authority, peers, other persons, and property, . . . promote high moral standards, good decision making, a strong work ethic, and promote communication. . ."

The Internet provides a wealth of information for the research and inquiry. We firmly believe that the valuable information and interaction available on this worldwide network far outweighs the fact that users may come across material, which is inappropriate in the educational setting. Jefferson High School has limited control over the information accessed through the Internet. Therefore, Jefferson High School cannot be held solely responsible for the Internet's content.

Internet access presents an excellent opportunity for parents to have a discussion with their child about family values and what their expectations are for their child's activities while on the Internet. Parents have the opportunity and bear the responsibility of conveying their values to their children.

No user shall have access to the network without having a signed individual user release form on file with the District. Students under 18 years of age must also have the signed approval of a parent/guardian.

Network storage areas, computer hard drives, and data disks may be treated like school lockers.
