PAYROLL REPORT

Payroll warrants approved by the superintendent and paid.

CURRENT OFFICE ITEMS

Office items have pretty much been the same as they have been the last couple of months.

The item that comes up for me this time of year is the Christmas party. Here's a little history.

2022 - Volunteer Hall fairgrounds

2021 – Silver Saddle in Basin (in total, a little pricy)

2020 – gifts/bonuses in cafeteria (distanced)

2019 since inception - St. Catherine's Parish Hall

Except for 2021, our office and Mr. Moodry have prepared the decorations and food and are prepared to do the same this year.

November 21, 2023 Principals Report--Mr. Mike Moodry Enrollment-301

Academics

The first quarter is in the books. We had a 1.96% failure rate compared to 2.04% last year. Teachers trained with Aaron Yost on CHAT GPT and School wide writing assessments. We also worked on aligning curriculum with our scope and sequence for all classes. The PIR day ended with a presentation from School House IT on internet security.

Discipline and Attendance

JHS Fall Community Engagement Night

The JHS Fall Community Engagemen/Parent Teacher/Winter Sports Night was Monday, November 13 from 2:00-4:00 at JHS and 5:00-7:00 at Clancy. Parent-teacher conferences were 2:00-6:00 and Winter Sports Meetings from 6:00-7:00. The event was well attended.

Activities

Please see Mrs. Layng's Activties Report attached.

AD Update

Fall Sports officially ended last week. All teams had great seasons with Football appearing in their 3rd straight semi-final game, volleyball earning 4th place, the girl's cross-country team was 7th overall at the State meet & the boys' cross country team becoming State Champions. A super season!

I submitted our Fall Academic All-State report to MHSA. We had 63 athletes among cheer, football, volleyball, and cross country earn this recognition. To qualify, the athlete must letter in their respective sport and obtain a minimum of a 3.5GPA for the 1st quarter.

We had numerous athletes also voted on by coaches throughout the conference and earning at the state meet recognition of All-Conference & All-State.

Mr. Padmos took a group of 16 student/athletes to the AIM Higher workshop in Butte on the 1st of November. These students, comprised of freshmen, sophomores, & juniors, were nominated by their fall sports coach as one to represent the school learning skills to expand upon their leadership. They discussed mental health for athletes, drug & alcohol awareness while also collaborating with students from other schools.

The winter sports parent/athlete meeting was held in Clancy on Monday, November 13th with great attendance. Winter sports practices began Thursday, November 16th. Students currently participating in winter sports appear consist with past years and are as follows:

Girls' Basketball – 28
Boys' Basketball – 29
Wrestling – 18 boys & 2 girls
Cheer – 20

E-Sports started up again last week through the 21st Century. We seem to have a number of students (12-15) taking part in this activity.

Superintendent Board Report

November 21, 2023

Charter School- We had a meeting with AYA on November 9, 2023, to discuss what the charter school will look like for the AYA campus. We will have an interview with the Board of Education on November 30th at 9:10 a.m., at which time we will present, they will ask questions, and they will take public comment on our proposed Charter School. This will be a virtual interview. The Board of Education will then make decisions concerning the Charter Schools at their January Meeting.

The Charter School, if approved, will not begin until July 1, 2024. We plan on having our Board be the official board of the Charter School but will also put together an advisory board consisting of a Jefferson High School Board Member, representatives from Boulder Elementary, and representatives from AYA. We will hopefully also add a few community members.

Technology Glitch- We experienced a technology glitch on Thursday, November 9, 2023. We handled the situation with SchoolhouseIT. We will start doing a two-tiered authentication moving forward for safety. We also did some PIR training on cyber security.

MECC- Jefferson High School will be joining the Montana Education Curriculum Consortium, better known as MECC. Montana City is already a member, and we hope to have the other elementary schools join. All curricular areas are on a rotating schedule, and we will be working with other schools to align the curriculum to the state standards.

Jefferson High School 2023-2024 Annual Goals and Objectives Review

The implementation of annual objectives will utilize development of Jefferson High School growth plans for the upcoming academic year. The objectives will be used to assess student performance, district decision making, and appropriate resource usage.

Goal 1- Use current assessment models to guide increased student learning.

Objectives

- Update district curriculum to continue to meet state and national standards.
- Evaluate student performance with guidance from current assessment models.
- Use assessment models to monitor student growth and performance.
- Develop teaching models to include collaboration, self-assessment, and goal setting to provide feedback for increasing learning and teaching objectives.
- Develop assessment rubrics to increase problem solving skills and higher order thinking.
- Develop advanced courses to allow increased opportunities for student participation.
- Evaluate student progress annually using measures and standards from current assessment models and curriculum benchmarks.
- JHS students will meet graduation standards and use developed skills for success.

Review: JHS has done an excellent job of assessing students and working collaboratively through the literacy grant. This has allowed the district to identify high risk students so we can put specific efforts toward those students. The PLC groups have worked together to identify those students and give them targeted assistance.

Goal 2- Increase communication and relations to improve student achievement.

Objectives

- Develop and implement a communication plan to increase community relations.
- Provide professional development opportunities for implementing current communication trends.
- Revamp website to provide efficient and applicable data with ease of access.
- Analyze benefits and challenges of digital media and social networking usage.
- Increase reporting of student performance and parental involvement by providing training opportunities on curriculum and assessment.

Review: Community relations will continue to be a goal for the 2023-2024 school year. We have been providing monthly updates to the Boulder Monitor that include school successes and updates to the building project. We have updated our website to make it more accessible and easier to locate information. However, this will be an ongoing project. We will continue to educate parents on the use of Infinite Campus, so they have access to their child's current academic performance.

Goal 3- Promote enhanced teaching and learning opportunities by implementing appropriate professional teaching practices.

Objectives

- Increase efficiency of EPAS teacher evaluation model developed for Montana.
- Increase professional development opportunities for all staff.
- Collaboration between administration and faculty on the impact of EPAS and its effectiveness in providing feedback for teacher growth plans.
- Increase awareness and publicize educational practices demonstrated by administration, faculty, and students.
- Use collected data to provide feedback for continuous planning and setting of annual goals.

Review: Increased professional development has been a focus of this past year by bringing in great guests during early ins and early outs. They gave us a plethora of tools to help with teacher growth plans. Also, having Eric Gustafson as an educational coach was a great help for growth. Data on students was instrumental in continuous planning.

Goal 4- Foster an academic environment to encourage respect, citizenship, responsibility, and success.

Objectives

- Develop a school plan to create an atmosphere of respect and responsibility within all school settings.
- Survey parents, patrons, students, and staff to provide feedback for establishing a school climate action plan.
- Provide community wide learning sessions to communicate expected school climate and educational goals for each academic level.
- Survey alumni to determine what areas need further development and what skills are needed for post-secondary success.

- Continue to use igraduate program to promote academic completion and provide tools to reach this goal.
- Pilot a Community Schools program to encourage parent and community involvement in the district.

Review: We continue to work with the community on different projects. We also have an active student council that promotes a positive environment in our school.

Goal 5- Provide continued guidance for appropriate management of district resources to create a positive learning environment that maximizes student learning opportunities.

Objectives

- Review policies and procedures for budget preparation and use feedback from audits and reviews to update financial operations.
- Develop short and long term plans addressing capital improvement projects throughout the entire district facilities.
- Address current technology plans (contracted implementation) for immediate and longterm goals to meet the needs for instruction and assessment.
- Increase cost savings with efficient and cooperative shared purchasing services.
- Update the safety plan in accordance with state law, district policies, and recommendations from safety and security reviews.

Review: We have recently had our Federal Financial Audit and a Civil Rights Audit through the OPI. Once the reports are received, we will address any financial and safety concerns respectively. Our capital improvement plan is ongoing, especially with the current building project. We have a few updates that will need to be addressed soon. We do belong to a few cooperative purchasing services but do not use them as much as we should. Technology plans are fluid currently.

AT-RISK PROGRAM STRATEGY

The intent of this program is to aid all students at JHS who are considered "At-Risk" The first key component involves identifying students. Academic and attendance concerns will be identified through the collaboration of administration, faculty, staff, and parents.

All students will be provided appropriate services that include identifying, monitoring, and guidance to assist students with academic performance, career opportunities, and social development. The end goal is improved academic progress, study skills, behavior, and interpersonal relationships. It is important for families to recognize the services that are provided and access them to support the needs of their students.

The program will be coordinated by the Administration team composed of faculty, staff, school counselor, administration, and co-op specialists when needed. The team will meet on a regular basis to identify students in need of support and development of an action plan.

IDENTIFY STUDENTS WITH NEEDS

Currently, JHS has between 10-20% of students that fall behind because of a variety of factors that include social, emotional, and psychological. Those factors lead to poor academic performance. JHS is committed to providing an appropriate educational plan for all students and provide support for the development of a positive self-image and success academically. Programing in place, as well as additional means will be used to provide an effective program for students. These include, but are not limited to:

- Additional assistance programs available during the school day (Intervention Specialist, Time to Learn, EdReady, iXL, Friday Opportunity, Literacy Grant components.
- Increased individualized instruction.
- Coordination with elementary schools regarding past practices used (MAPS, Star)
- Continued summer school program for credit recovery (Montana Digital Academy, MDTA)
- Coordination with outside agencies
- Learning Center development for enrichment activities
- After school 21st Century program

IDENTIFICATION FACTORS

Student placement and program development will be determined based on greatest need and will be assisted by the Administration team. Referrals and placement will be determined based on needs associated with the following criteria:

- Lack of academic success
- Attendance issues
- Discipline referrals
- Poor daily work
- Apathy towards school
- Low academic achievement

- Change in family status and/or stressors
- Homeless
- Mental health issues
- Involvement with the courts
- Pregnancy

PLAN OBJECTIVES

The intent of the plan is to provide a program of study to meet the individualized needs of all students to promote academic success. Academic structure and integrity will be maintained and JHS will provide flexibility to create programs beneficial for individualized needs. These objectives include:

- Regular attendance
- Positive self-esteem
- Positive social skills
- Respect for staff
- Appropriate behavior skills
- Improved coping skills
- Effective communication skills
- Increased participation in school related activities
- Improved healthy lifestyle
- Increased awareness of career opportunities

SUPPORT PROGRAM

The use of testing policies currently available will be used to determine academic growth as well as guidelines for career opportunities. Identified students will be tracked through present course obligations and requirements and plans will be articulated to provide the most adequate educational plan.

Proper levels of communication will be formulated between the school, students, and families providing relevant information, support, and resources. JHS will maintain accurate data files of individualized programs and construct a comprehensive listing of services.

PROGRAM EVALUATION

The following components will be used by the administration for program review.

- Annual dropout rates (GEMS)
- Annual graduation rates (GEMS)
- Discipline referrals for identified students (IC)
- Annual attendance rates (IC)
- Annual survey information
- Academic achievement scores (MAPPS, ACT, SAT, ASVAB)
- Annual school activities participation rates

- Administration team observations
- Exit survey for graduates/dropouts.

ROLES AND RESPONSIBLITIES

SIGNS OF SUICIED (SOS)/ Peer to Peer Mental Health First Aide

The Signs of Suicide program has been implemented and instruction occurs during the 1st semester of each school year. Peer to Peer Mental Health First Aid training will occur for all new students. These student and staff driven initiatives have become a component of the curriculum and is used by all students. The program uses sequential components to provide adolescents skills in coping as well as identifying key signs associated with students harming themselves. The program also provides training regarding interacting skills that help and encourage adolescents to seek out and communicate with adults if a crisis occurs.

IGRADUATE

The 2022-2023 school year will include the 4th year of the new igraduate program, a community wide effort to encourage and provide support for all students to graduate. The JHS community will work together to help develop strategies for keeping students in school.

Reach Higher Montana will continue to help and guidance with FAFSA completions. They are also going to provide student assistance during the enrichment period. These two components are vital in helping both students and families overcome the hurdles of completing these requirements. Assistance will help alleviate stress and improve the efficiency of completion.

Jefferson High School Board of Trustees 312 South Main Boulder, MT 59632

Dear Board of Trustees:

I am writing to express my interest in the open Board Member position at Jefferson High School District #1. I am an active community member with a background in accounting and budgeting and would love the chance to give back by lending my advisory skills to the school.

I am a manager in a Public Accounting firm and have worked in that industry for almost 25 years. I'm also a business owner in our community and have been since 2009. I have a strong background in budgeting and have served on various non-profit boards over the past 10 years.

I am confident you'll find me a good fit for your needs as a Board Member of the Jefferson High School District #1. Please contact me by phone or email if you have any questions or to set up a meeting. I look forward to hearing from you and thank you so much for your time.

Sincerely,

Erika Morris 406-459-0045

RE: JHS School Board Vacancy

I am writing to express my interest in serving on the Jefferson High School District #1 Board.

With the amount of growth western Montana has witnessed over the last decade, there are a lot of outside influences on our way of life, and certainly on our education system. I feel that Jefferson County is still rooted in what I call the 'Montana way of life' where neighbors help neighbors and waves are still exchanged between passing cars. These are the reasons that my wife and I chose Boulder to live and raise our family. If elected to the JHS School Board, it's my intention to carry on this type of culture and ensure the board represents the community rather than try to stand against it.

I've attached a copy of my voter registration card for supporting documentation. Please feel free to reach me at 406-250-9661 if you have any questions.

Thank you for your time and consideration.

Regards,

Jason Campbell

I am writing to express my strong interest in serving on the Jefferson High School Board of Trustees. As an enthusiastic and committed member of the community, I am deeply invested in the success and growth of our esteemed institution, and I believe that my background and passion for education make me an ideal candidate for this important role.

My connection with Jefferson High School runs deep, both as an alum and as an active member of the community. Having lived in this area for all of my life, I have seen the positive impact that our school has had on the lives of countless students. I am inspired by the dedication of the teachers and staff, the diversity of the student body, and the sense of unity that permeates the Jefferson community. I am eager to contribute my time, energy, and expertise to help maintain and enhance these aspects that make our school exceptional.

My professional background is in building construction; I specialize in electrical work as an electrician. I work with multiple other trades on a daily basis and have a keen eye for detail to ensure the best workmanship for our school. This experience has equipped me with valuable skills such as the ability to read construction plans, look at what has been built and know if it has been completed not only up to building codes but also in a professional manner. I will hold the construction crew to the high standards I adhere to through my professional career and offer my professional opinion as needed. I believe my skills and knowledge would be invaluable to our school especially while under construction. I am dedicated to ensuring that every student at Jefferson High School has access to a high-quality education and a safe, inclusive learning environment.

If given the opportunity to serve on the Board of Trustees, I am committed to:

- 1. Collaborating with other board members to make informed decisions that prioritize the best interests of our students and the school.
 - 2. Advocating for transparency and open communication with all stakeholders, ensuring that the community is engaged and informed.
 - 3. Supporting initiatives that promote diversity, equity, and inclusion within the school.
 - 4. Ensuring responsible financial management to maximize the resources available for educational programs and student support.
 - 5. Encouraging innovation and excellence in teaching and learning.

I am excited about the opportunity to serve on the Jefferson High School Board of Trustees and am ready to dedicate my time and energy to furthering the school's

mission. I would be honored to be considered for this important role, and I look forward to the opportunity to discuss my qualifications and vision for the school in more detail.

Thank you for considering my application. I am eager to contribute to the success of Jefferson High School and am enthusiastic about the potential of our collective efforts to continue making it an outstanding educational institution.

Sincerely,

Wyatt LeTexier (406)-461-3087 128 South Cleveland Street Boulder, MT 59632
