Announcements and Public Comment. The board welcomes and encourages public comment and wishes the public comment process to be fair and orderly. Written comments may be submitted to the board through the District Clerk's office. Individuals wishing to address the board at the board meeting must sign in on the sheet provided. The clerk will collect the sheet when the meeting begins. Comments on topics that are on the agenda may be made when the meeting reaches that item's point on the agenda. Comments on non-agenda items may be made during the "Public Comment" agenda item. To avoid violations of individual rights of privacy, a member of the public wishing to address the Board during this time will not be allowed to make comments that would infringe upon the privacy rights of any student, staff member, or member of the public during his/her designated time to speak. Abusive or obscene comments will not be allowed. Time allowed for comments may be limited. Individuals will only be called upon twice for the same topic after all persons have been called upon and as time permits. The Board may not respond to and will not take action on non-agenda topics at this meeting but may schedule the topic on the agenda of a subsequent meeting.

Mission Statement

The Jefferson High School District #1's mission is to provide the best possible education for our youth for whatever path of life they choose; to be the school of choice for students, teachers, and staff; and to be the heart of the communities we serve.

Our vision for the future:

Students:

- Achieve high test scores and graduation rates that are competitive nationally;
- Graduate with a plan for life that they feel well equipped to pursue;
- Choose our school over others because of our solid reputation;

Teachers:

- Actively support students with their time, attention and obvious commitment;
- Have the tools and resources necessary to do optimal work;
- Are proud to work here and of their contribution to the school;

- Feel happy, challenged, safe, and supported throughout their time here;
- Appreciate and fully engage in our activities that augment our core curriculum; and
- Have access to technology that enhances their learning opportunities.
- Are committed to continuing education and the use of best practices;
- Look at our District as a long-term career commitment; and
- Feel confident about the Board's decisions and plans.

Our Administration and Board

- -Commit to be knowledgeable about best practices
- Establish, devote themselves to, and evaluate their priority goals on a regular basis; and
- Work as a collaborative team to make decisions that always focus on what is best for students, teachers and our communities.

Our communities:

- Are knowledgeable of and highly respect our commitment to excellence; and
- Support our work in many ways their time, funds, levy votes, ideas, and enthusiasm about our students and their activities.

NEW BUSINESS ITEMS

Meeting posting – 48 hours is the "rule" for posting of meetings. The office procedure is that the agendas are created in the District Office and emailed to the Technology Coordinator for posting on the website and the post office, if appropriate. The District Office generally posts the agendas on the school window but occasionally delegates this to the Technology Coordinator. Committee meetings are not usually posted in the local paper due to time constraints. However, all regular meetings of the board are posted in the Monitor, at the Boulder Post Office, at the school, and on the website. Recently added to the notifications were Ms. Dorrington, Ms. Eckman, and Ms. Robson at the local elementary schools for posting on their boards and/or in their newsletters.

Principals Report--Mr. Mike Moodry

Academics

Professional development with Tim and Cyndi Shannahan was huge success. We were able to have afternoon subject specific breakout session. The break out session allowed teachers to create and understand subject specific literacy technique to help students succeed. This will be an ongoing process with our literacy grant.

Core teachers will be working on ACT standards alignment in the month of March. Departments will get together and determine where specific ACT curriculum is taught and mastered. Preliminary scheduling has begun for the 2019-2020 school year. Initial figures are we will maintain our current level of enrollment to a slight increase. Teachers are making some adjustment to course offering to be more flexible for student to take electives. We are also adding some Honors courses (English 1,2,3,4, Algebra, Geometry) to explore the possibility of an advance diploma at JHS.

We are looking to propose, in the March meeting, that we reduce the PE/health curriculum requirement to 1.5 credits and add one half unit of elective. We will also have a more formalize proposal for the advanced diploma.

We are also looking into expanding our dual credit opportunities in the following courses: Accounting I and II, Government, Education 101, College Algebra II, and Form and Function. Many of these opportunities are just curriculum realignment with college standard. No extra training or staffing is needed.

Attendance and Disipline

We already have seven students with 6 day letters. I have contacted them and their parent personally. We have all but one student recover last semester's credit with the new time recovery instituted. I consider it to be a success. Discipline referrals are down from previous months (see attached).

Multiple Diploma Opportunities.

We am exploring the possibility of multiple diploma opportunities (see attached). I believe we do a disservice to our students not allowing them multiple paths to a diploma. There are multiple staff members on board. As we speak, we have already instituted a 20-credit and Hi-Set Options program to create the proficiency track. We are not trying to get them out of school earlier, but trying to use the time in school for them to gain as many real world experiences as possible before they walk across the stage (CTE and Dual Credit). We will continue to have dialogue on how the advanced diploma will work.

iGraduate and Career Fair

College and career readiness is our main focus at JHS. We have applied for a \$10,000 grant to help fund college and career readiness (see attached). We will also be hosting a career fair in

April to present students with career exploration in a variety of fields. We will use local business to explain the career opportunities.

Activities

Winter activities are winding down. The brightest lights were on display the first weekend in February in Missoula. The JHS Thespians, under the direction of Mike Hesford, won best-drama (Shape of the Grave), best lead-actress (Emme Rosenbaum), best-supporting actress (Josie Marks), Best-student director (Dakota Zufelt), and best costumes at the State Thespian Festival. Their accomplishment qualifies them to go to the National Thespian Festival in Lincoln, Nebraska this June.

Wrestlers brought 6 wrestlers to state and one, Leo Anderson (103), finished 4th with all-state honors.

Boy's and girl's basketball are in the district tournament. Results will be presented at the meeting.

Cheerleading will go to the annual Cheerfest in Lewistown March 15th. Spring sports begin March 11.

iGraduate Montana - Challenge Fund 2019-2020

The Office of the Commissioner of Higher Education and the Office of Public Instruction, in partnership with the Dennis & Phyllis Washington Foundation, announces the availability of funds through the *iGraduate Montana* (*iGM*) Challenge Fund. Grants of up to \$10,000 are available to communities through a competitive application process and successful applicants will receive technical assistance support. For further assistance, please contact Angela McLean (amclean@montana.edu). Applications are due on Wednesday, February 6. Award determinations will be announced in March.

About iGraduate Montana

The Office of the Commissioner of Higher Education and the Office of Public Instruction are partnering with local schools, colleges and universities, students, community leaders and state government to launch *iGraduate Montana*. This is a new initiative that leverages the successes and lessons learned from Graduation Matters Montana. *iGraduate Montana* continues a focus on high school graduation, and expands the scope to include workforce development activities, such as connecting students to high-demand career pathways, and/or post-high school education opportunities.

iGM Challenge Fund 2019-2020

 $iGraduate\ Montana$ seeks to award 10-15 proposals. In addition to implementing their proposal, awardees will be asked to participate in the ongoing design of the initiative. Awardees will be asked to give feedback on the design, participate in an $iGraduate\ Montana$ Summit in Spring 2019, and, where appropriate, indicate interest in being iGM mentors for ensuing years of the initiative.

- <u>Eligibility</u>: Local school districts, post-secondary institutions, non-profit organizations, tribal governments.
- <u>Priorities:</u> Priority will be given to projects that show partnerships between local school districts, families, post-secondary institutions, non-profit organizations, employers, etc. AND projects that focus on supporting struggling students to succeed in high school, and the transition to post-high school education opportunities.

Program Need:

1. If your proposal is to increase high school graduation rates, please enter the high school graduation and drop out count and rate for the past three years. You can add additional high schools if need be. You can access this data on the Office of Public Instruction GEMS website.

	Graduation Rate	Drop Out Count
2015-16	83.4%	9 of 208
2016-17	80.47%	12 of 235
2017-18	84.1	6 of 241

2. If your proposal is to work with first-year college students, please describe the needs of your community to support more students succeeding in college. This can include data on college retention as well as anecdotal insights. You can find good information on the <u>First-Time Freshman Dash Board</u>.

The past 3 years we have a 32% college attendance rate and almost 90% retention. We saw a dramatic increase last year (46% college attendance) that we attribute to the increase in dual credit option offered at JHS (9 courses--2018-19 School Year). Our plan is to us part of the iGraduate grant to help our teachers get the necessary back ground and prep time to offer more dual credit option at JHS.

3. If your proposal is to connect middle school and/or high school students to higher education, please describe the needs of your community to support more students entering college. This can include data on college-going rates, college retention rates, as well as anecdotal insights.

As stated above, we intend to use iGraduate fund to create more dual credit options for students. Aligned with our dual credit offering we intend to also use funds to create curricular and extra-circular opportunities for student to explore future option such as FAFSA Nights, local college Fairs, create a local career fair, and job-shadowing in Jefferson, Lewis and Clark and Silver Bow counties.

4. If your proposal is to connect middle school and/or high school students to high-demand jobs in Montana, please describe the needs of your community to increase workforce development efforts. This can include data on career pathways, as well as anecdotal insights. You can find good information about career pathways at Montana Career Pathways.

We continue to committee creating not only academic dual credit, but CTE dual credit offering through local colleges. We will be hosting a local career fair this April for all student to attend with a career focus. The school has had a voice on local development councils intended to repurpose the MDC (Montana Developmental Center). Some discussions have centered around the school to providing career pathways opportunities to current and future students to become an integral part of reinventing Jefferson County economic development. We are committed to creating a better community by providing college and career ready citizens from JHS.

PLEASE NOTE: Your proposal can focus on more than one area. (Ex: A project could focus on identifying, graduating and supporting a cohort of students into their post-high school next steps, which could include college and/or apprenticeship opportunities.)

Data Observations: What key insights do you derive from your data? Please explain:

1. What is the scope of the problem or challenge? Educating our families of socio-economically challenged students that higher education is not a priority. We

face generational poverty and the sigma of breaking the cycle. Our increase in college attendance and retention rate increase over the past 3 years is attributed to dual credit opportunities provided for little or no cost to students.

2. What barriers have been identified for students and what data supports this?

Our free and reduced data of 28% shows a need for expanding opportunities at JHS. Another focus must be on increasing ACT scores to provide college readiness. Our scores show no middle ground of college readiness, only 30% of this year's senior class were above 22 on their ACT.

3. How is your *iGM* proposal informed by your data?

Our focus on college and career readiness needs financial support to create opportunities for all JHS students. As shown, numerous factors such as college attendance, cohort rate, and free and reduced rates create obstacles for student at JHS. With proper funding we will be able to provide proven opportunities that increase college and career readiness.

Additional Information (optional): Is there anything else you'd like to add regarding program need? Click or tap here to enter text. iGM Benchmarks The following benchmarks are being used to ascertain the success of iGraduate Montana. Please identify which benchmarks best align to your iGM proposal. You can choose as many benchmarks as you'd like; you must choose at least two benchmarks. ☑ 1. Increase high school graduation rate □ 2. Increase American Indian student high school graduation rate ☑ 3. Increase student enrollment in college and/or work-readiness opportunities (such as dual enrollment, career and technical education, pre-apprentice & apprenticeship programs) 4. Increase American Indian student enrollment in college and/or work-readiness opportunities (such as dual enrollment, pre-apprentice & apprenticeship programs) □ 5. Increase first-time freshman college enrollment ☐ 6. Increase first-time American Indian freshman college enrollment ☑ 7. Increase use of Pre ACT and ACT data as well as the Montana University System College Access Portal to support students to post-secondary opportunities ☑ 8. Increased parental/community involvement to support high school completion and college and career planning With each benchmark you've selected, please identify the number or percentage of students you hope to impact. 1. 30% 2. 3. 70% 4. 5. 30% 6. 7. 70% 8. 100% Please identify additional benchmarks as they relate to your iGM proposal (optional). Click or tap here to enter text. iGM Strategies & Plan for Implementation Please describe the top three strategies your iGM proposal. Use the following template. An example has

Priority will be given to projects that focus on struggling students, and that build on the links between high school, college, and careers. Options could include:

been provided for you.

- Increase meaningful career exploration and engagement in middle school, high school and/or college including growth in use of PreACT and ACT data.
- Increase coordination with business and industry to provide students high quality work-based learning opportunities in middle school, high school and/or college.
- Increase coordination with stakeholders such as educators. Family, business and non-profots to build high quality career pathways for middle school, high school and/or college students that include opportunities for dual enrollment, work-based learning, and/or industry recognized credentials.
- Increase personal finance and financial planning knowledge in middle school, high school and/or college.

Strategy	Plan for Implementation
Sample: Increase meaningful career	Sample: Hold a career fair, increase work-based learning
exploration and engagement in high school.	opportunities, expand Montana Career Pathways participation
Increase student participation in college readiness.	Give students more dual credit opportunities, hold a FAFSA night, create college application week, provide busing for student to take the Compass test, and participate in college fairs.
Improve student career readiness.	Hold a local career fair, tour local two-year schools, use MCIS to create digital portfolios, create a job shadow and school to work programs.
Increase parent/community support of college and career readiness.	Create a parent/community outreach program to engage parent and community in post-graduation planning for JHS students. The program will include post-graduation planning nights for families. Seeking community members to educate students on community career opportunities. Create community forums (I.e. Coffee Talks) to involve the community on the student/family career planning. Create a community advertising campaign to promote business involvement in college and career readiness.

Plan Observations: What key insights do you derive from your plan? Please explain:

1. How does this plan leverage current efforts and resources available in your school, organization or community? (Ex: MCIS, Carl D. Perkins, Montana Career Pathways, etc.) If it doesn't, why not?

We already use MCIS, Carl D. Perkins, and Montana Career Pathway in our CTE curriculum, but would like to expand current pathways. The iGradute program would allow use to expand these programs as stated above. We are currently working into implement Jobs for Montana Graduates which would parallel iGraduate grant.

2. If you were a Graduation Matters Montana community, how does this plan leverage the activities and lessons learned from GMM to strengthen workforce development efforts?

Graduation Matters allowed the community to become involved in increasing graduation rates. IGraduate will allow us to bring the Graduation Matters committee back together.

iGM Budget

The iGraduate Montana - Challenge Fund grant must be spent before June 1, 2020.

Budget Allocation Type	Amount
Stipends for current staff to convene <i>iGM</i> partners	\$2000
Stipends for current staff to coordinate <i>iGM</i> activities	\$2000
Stipend/contract for external facilitator to convene partners	\$1000
Program expenditures to promote <i>iGM</i> in your community	\$1500
Program expenditures for professional development	\$2000
Other (Transportation)	\$1500
Total amount requested	\$10,000

Budget Narrative: Please describe how you plan to use the funds for the budget allocation(s) you identified.

The stipend for current staff will be paid the high school counselor to coordinate with existing activities. We will have external facilitators/speakers to help present at school and community events to facilitate college and career readiness growth. Most of the community expenditure will be spent on advertising and promotional products. Professional development will go to current staff to increase skills related to college and career readiness including gaining necessary credits for dual credit opportunities. Transportation will funding will be used due to our rural location. There are more opportunities available 30 miles north or south of our location.

Please complete the timeline below. Please include meetings, events, activities, or plans based on the categories listed and indicate which quarter they will occur. Not every category needs to have an activity in each quarter.

RESPONSIVE DESIGN

As people rely more on their mobile devices for news and communication, expanding your Web presence requires accessibility on mobile devices. This feature works on all mobile devices regardless of the platform, and helps keep people connected to your website while on the go. The component ensures your community can access and read up-to-date content about your school/ organization anywhere.

Mobile Suite reconfigures content on your website to increasing accessibility, legibility and ease of use on many mobile devices. It has a number of convenient features:

- Mobile Suite and your desktop website are always synchronized, so you only need to enter content into eSchoolView's CMS once.
- Content optimization ensures your site displays properly on a multitude of devices – regardless of size or type.
- By simply swiping your finger images slide across your mobile device.
- The software automatically offers to create a shortcut, so the Mobile Suite can be available as an app icon on your device.

- School/organization closings and alerts appear instantly.
- Visitors can easily call your school or organization by tapping on your phone Your number will also be stored in their contacts.
- By clicking on the address, visitors will be taken to a map feature where they can follow directions and navigate to your schools/ organizations offices.
- Specialized Google Analytics help you keep track of traffic to your Website.

Testing through beta site. Staff training and entering of existing content by eSchoolView into the new site. Launch of website to production servers.

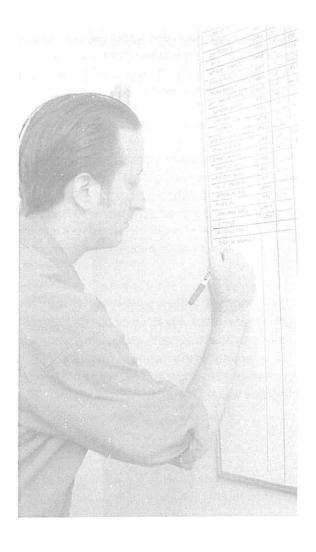

PROJECT APPROACH

eSchoolView employs a custom project management methodology to its development process based upon the Microsoft Solutions Framework (MSF) for Agile Development. This approach is geared towards the fast development of features for customer review and revision. With this approach, our clients can quickly see results and better steer the process being used to develop applications.

During development of your new site you will have access to a beta site to review the development of features and provide feedback on what has been built. This site could be accessed using a private Internet address and may only be accessed by designated employees of your organization

eSchoolView can only be responsible for adhering to the timetable below if the client provides the information necessary when requested and continued cooperation. In the event that the client takes additional time to complete requested items, client must understand that payment terms must still be met.

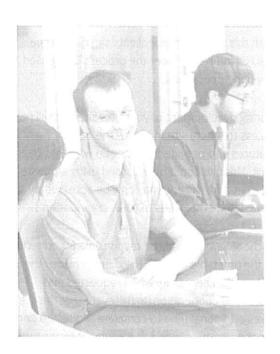

maintenance & support

SUPPORT

In addition to our Service Level Agreement (SLA) located within this proposal we take great pride in helping our clients. All of our employees have mobile devices that allow for communications to be received 24 hours a day. In addition, dialing our office phone lines will forward to our mobile phones if we are not physically in the office. Our levels of support are detailed below:

- 1. Tier 1 Support email support requests are handled within 1 business day. Emails should be sent to support@eSchoolView.com. (mailto:support@eSchoolView.com) In addition, there is a support request link in the CMS. Once the request is filled out and submitted, Tier 1 Support will be notified.
- 2. Tier 2 Support phone support through our office phone. This support is typically used when there is an issue that needs immediate attention. Issues reported in this manner are typically resolved within an hour and you will be notified if the issue will take longer.

Online Issue Tracking System – you will be granted access to our online issue tracking system. This system will be used to record all issues, enhancements and changes to your website. This allows you to track the status on an issue and also includes an automatic email notification when we complete a task.

service level agreement

In the event of a bug or error, eSchoolView agrees to provide fixes to address them in a timely manner at no cost to the customer. eSchoolView and the customer agree to the following Service Level Agreement (SLA) for addressing bugs and issues (this agreement is not applicable to bugs or errors that occur as a result of a failure of third-party components not developed by eSchoolView).

eSchoolView agrees to make available the following to communicate problems: (1) Support Email Address, (2)Office Phone, (3) Mobile Phone.

SEVERITY 1 ERRORS

The bug or error causes a critical failure of the site (i.e. broken page(s), error message/codes, etc.). Notification of the issue will result in either a complete fix within 12 hours, or if that cannot be completed, an explanation outlining the error, proposed fix or potential workaround, if necessary.

SEVERITY 2 ERRORS

The bug or error causes incorrect information to be displayed or an incorrect page redirect. Pages may display properly or improperly. A severity 2 error is related to the code developed by eSchoolView. Notification of the issue will result in either a complete fix within 24 hours, or if that cannot be completed, an explanation outlining the error, proposed fix or potential workaround, if necessary.

SEVERITY 3 ERRORS

The bug or error intermittently causes minor problems with the display or visual appeal of the website, but does not hinder site functionality. A severity 3 error is related to the code developed by eSchoolView. Notification of the issue will result in either a complete fix within 48 hours, or if that cannot be completed, an explanation outlining the error, proposed fix or potential workaround, if necessary.

SOURCE CODE GUARANTEF

Upon request, eSchoolView will provide the client with a backup copy of your source code at site launch subject to the execution of a source code agreement provided by eSchoolView, which will contain the following restrictions/ terms:

- 1. Source code will be retained as a backup copy and only used in case eSchoolView ceases to exist as a business in the state of Ohio.
- Source code, database and accompanying files will not be sold, leased, transferred or shared with any
 other organization or entity and will remain confidential. Should eSchoolView cease to exist as a
 business in the state of Ohio you may utilize a web developer of your choice to support the product
 solely for your own benefit.
- 3. Content entered by the client is owned by the client and not by eSchoolView.
- Each party agrees to keep confidential all information disclosed to it by the other party and to protect the confidentiality of all data, source code, files, etc.
- 5. Upon request, eSchoolView will release source code for updates to the CMS engine as they are released.

CONFIDENTIALITY STATEMENT

eSchoolView will not, during or subsequent to the term of this proposed work relationship, use the client's confidential information for any purpose whatsoever other than the performance of services on your behalf or disclose any confidential information to any third party, except as required by law. eSchoolView further agrees to take all reasonable precautions to prevent any unauthorized disclosure of all confidential information provided to it in connection with this project.

NEW BUSINESS

Item 9 Basketball program and Gym Use Policy 4330 was moved to this part of the meeting to accommodate the large number of parents wishing to address this item. A letter was received from Mandy Stevens concerning this item. Eric Stiles Open Gym defined as a time of team instruction. Jeff McMaster submitted letters from 8 other people addressing this issue as well. Mr. Pierce gave a review of the manner in which the board must proceed. The policy committee would take into consideration all the

Denise asked for a brief review of the issue at hand.

Jeff McMaster – looking for more access to the gym. Admin is old and stuck in their ways. Trish Harrington stated that kids have asked Coach Layng but he is not always available. Stated that parents are willing and available to supervise. Andrea Dolzal asked for clarification about open gyms for students for JHS only. Clint VanBlaricom asked for clarification as well.

Ms. Brunett stated that she believes that supervision is just that – supervision. Mr. Harris suggested making only certain sections available. Mr. Pierce stated that the board could not vote tonight but would hold a policy meeting to hammer out some of these ideas. Jessica Moore asked if paid staff

members are required if outside groups are allowed and pay for the use. She suggested it as a moneymaker. Kevin Harrington – asked about outside groups getting access in the meantime. Mr. Harris gave a brief review of what Clancy allows. Ms. Robson said that Clancy has had very little trouble. Kevin Harrington reiterated that the parents are willing to step up. It seems like JHS is the school of "NO". Talking mostly about gym and weight room use. Ms. McMaster - Manhattan, Big Timber, Three Forks do not require supervision. Students are given passcodes or passkeys to access the gym. You guys need to work hard for them. Mr. McMaster said the school isn't even living up to the bare minimum of the policy. Policy does not address "open gym" properly. Sarah Johnson said that her daughter cannot practice even if Dave (her husband and custodian) is there. Cami suggested that a policy meeting be set tonight so that the people at this meeting know when it is. Wednesday, January 23 6:00 p.m. Clancy Elementary School Board room. Dawn Smartnick spoke as a parent and a staff member and stated that she has been shot down when asked to allow her kids access. She is willing to be a volunteer. Denise asked if a request could be submitted. Mr. McMaster asked if the assistant coaches could have keys. Mr. Alexander - track isn't allowed to use the track. Joelle Johnson clarified that she felt what the group was asking for was addressed in the policy but it was not being allowed. Mr. Pierce reviewed that because of the open meeting laws, people's right to privacy must be strictly enforced. Janna Gruber asked for introductions of the people at the table.

Agenda Item H 1. C. Coaching Evaluations was moved to this part of the meeting. Sarah Johnson asked for the practice workouts in the summer to not run from one into another and make it such a long time. Trish Harrington expressed appreciation for the times allowed for the kids. Kevin Harrington suggested consideration of the actual bus used for particular trips so that busses with adequate storage capacity are available. Eric Stiles stated there is a hole in the field on the 40-yard line and the field is not maintained. Desiree VanBlaricom added that bus windows are not functioning properly. Tina Bartle stated windows will not close. Mandy Moore said when the bus hit a bump the windows would fall down and the door would come open. Deeming the coaches' right privacy exceeds the public's right to know, the meeting will go into closed session. 7:53 p.m. Back in session at 8:19.

ADMINISTRATIVE REPORTS

Clerk/business manager. In written form.

Principal. In written form.

Superintendent. In written form. February meeting MtSBA Tony Koenig will come. Mr. Norbeck reviewed several of the items in his report.

UNFINISHED BUSINESS

NEW BUSINESS

1. Personnel.

- a. **Substitute applications**. S. Olsen applied to be approved as a substitute. Deferred to next meeting pending contact with former employer for substitute teaching.

Superintendent's Report

Date: February 19, 2019

Agenda Item: E-3

3a-Count Day Policy 3121P

The February count was 268, with an average of 270 with the 2018 fall count. This is an increase of 8 students from the 2018-19 school year. This is the fourth consecutive year of student enrollment increase at JHS.

3b-Peer to Peer Mental Health First Aid

Sarah Layng will be the JHS site coordinator for the Mental Health First Aid pilot program. She will be attending three day training program in Las Vegas February 25-27th. Also in attendance will be Kristin Thompson from Youth Dynamics Inc. in Billings. Together, they will provide training and workshops for students and staff throughout the rest of this spring. Faculty and staff will also participate in an 8 hour Mental Health refresher course. Information regarding this pilot program will be provided to Sarah during the conference.

Recommendation:

Support the mental health first aid pilot progtram

3c-Dual Credit expansion

Jefferson High School continues to research possible dual credit opportunities for the 2019-2020 school year. Below are recent discussions and possible classes for next year. M. Moodry has also listed other possibilities from the recent principal's meeting.

- Intro to Business Highlands College Montana Tech
- Accounting Highlands College, Gallatin College MSU
- Computer Programming Highlands College
- Theatre 101 University of Montana Western

This year, students were allowed to take 6 dual credit classes for free. Additional class tuitions are considerably cheaper than the payment for traditional college students.

3d-FTE expansion

The data collected from the Literacy Grant has indicated a need for a .5 FTE English component with an emphasis on Corrective Reading. I am working with Boulder Elementary to cover this cost through the grant for the next two years. I will again advertise for a part-time Spanish instructor and have had

dialog with Boulder Elementary about a shared position.
